Association

14th October 2009.

**News Item for
Rails Bookmakers Association Members
from the RBA Secretary.**

Dear Member,

You may already be aware that Tattersalls Committee has published a 'Consultation Paper' on the Rules of Betting and are inviting input from a cross section of the betting industry.

I am preparing a response on behalf of the Association and would welcome constructive input from any member that could be included in our response.

Alternatively, the document in its entirety can be viewed and downloaded from the Tattersalls web-site located at www.tattersallscommittee.co.uk/consultation enabling members to have direct input to the Committee.

Please contact me directly if you wish your views to be represented through the Rails Bookmakers Association.

Kind Regards,

Robin.
